Graham is a senior associate focusing on construction litigation, insurance and risk management, and commercial disputes. He has extensive experience advising clients in a wide range of litigation matters including builders' lien claims, contractual disputes, debt collection, defamation claims, and personal injury claims. Graham also regularly advises government and industry clients with respect to bylaw interpretation and enforcement.

Graham provides his clients with practical advice, while recognizing the importance of acting promptly and efficiently.

CONSTRUCTION

Within his construction litigation practice, Graham routinely acts for project owners, contractors, and suppliers in disputes arising with respect to industrial, commercial and residential construction projects. He has experience resolving disputes through mediation, arbitration, the Courts, and other forms of dispute resolution.
