Kevin's practice ranges from primarily litigation and insurance and risk management. In the insurance and risk management industry, Kevin has experience with motor vehicle accident, occupiers' liability professional liability, subrogated loss recovery, sexual battery, large fire loss, construction claims, surety claims, and property damage claims. He also represents a number of dental professionals in a variety of professional liability actions.

Kevin's approach to files is a practical one, with an intent to see his client goals achieved in an efficient manner that is cognizant of their particular business needs, regardless of whether they're a national Insurer dealing with a multi-party claim, or a solo jazz musician with a new recording contract.

Kevin is very involved with Student Legal Assistance as a staff lawyer supervising more than 100 law students at the University of Calgary who represent low income clients with civil claims, contract, employment residential tenancy and bankruptcy matters. He also writes the Civil Law fact pattern for the Annual Student Legal Assistance Trial Competition.

Kevin has appeared at the trial level before the Provincial Court of Alberta and the Alberta Court of Queen's Bench. Prior to joining McLennan Ross, Kevin was in-house counsel with a national insurer for nearly five years.
